

PRINTING GOODS. MADE TO LAST.

ONE PARTNER FOR EVERYTHING YOU PRINT

Printing is a lot to navigate. Methods, materials, minimums, lead times, and a different supplier for every job. We take that off your plate. Your shirts, your signs, your promo, your storefront: one shop that knows your brand and keeps it looking sharp everywhere it shows up.

01 We learn your brand

Your logos, colours, and fonts stay on file, so every reorder matches the last one. Your brand looks the same on a hoodie as it does on your front window.

02 We make the call easy

Tell us the goal and the budget. We recommend the method, material, and quantity that fit, and we tell you plainly when a cheaper option will do the job.

03 Everything under one roof

Apparel, signage, and promotional products from one shop. One contact, one invoice, no chasing three suppliers to get one launch out the door.

04 We keep you ready

Restocks, new hires, new locations, seasonal runs. We plan ahead so you are never the business showing up to its own event with nothing branded.

GLAD YOU'RE HERE.

Thanks for choosing Sundown. This little book walks you through how we work, what we make, and what to expect now that your project is in motion.

We're print experts based in Ontario with our head office in St. Catharines, serving clients across Canada and the United States. Built on quality prints and solid service, no shortcuts. Whether it's one box of tees or a full brand launch, your job gets the same attention.

Got a question along the way? Reach out anytime. We'd rather over-communicate than leave you guessing.

WHERE YOUR BRAND SHOWS UP

Four categories cover almost everything a business needs branded, from the shirts your team wears to the sign above your door.

Custom Merchandise

Tees, hoodies, hats, and workwear, decorated by screen print, embroidery, DTF, or DTG. We pick the method that suits your artwork, your quantity, and how hard the garment will be worn.

Promotional Products

Drinkware, totes, pens, stickers, and giveaways for events, trade shows, and client gifts. Branded items chosen to actually get used, not thrown in a drawer.

Vinyl Graphics

Precision-cut, weatherproof vinyl for hard surfaces. Storefront windows, interior walls, banners, decals, and full vehicle and trailer wraps.

Signage

Fabricated interior and exterior signage: dimensional and illuminated letters, panel and fascia signs, plus wayfinding and door numbering across a whole site.

CUSTOM MERCHANDISE

Apparel is the piece of your brand people actually keep. We match the decoration method to the artwork, the garment, and how hard it will be worn.

EMBROIDERY · CAP DETAIL

Screen Printing

Ink pushed through mesh screens and cured into the fabric. Bold, durable colour and the best value once quantities climb.

Embroidery

Thread stitched into the garment for a textured, premium finish. Built for hats, polos, jackets, and workwear.

DTF & DTG

Full-colour prints with photographic detail and a soft hand. Ideal for small runs and intricate artwork, with no minimums.

PROMOTIONAL PRODUCTS

The best promo item is the one that stays in rotation. We help you pick pieces people keep on a desk, in a bag, or in the truck.

DRINKWARE • BRANDED BOTTLES

BAGS • SCREEN PRINTED TOTE

Drinkware & Bags

Bottles, tumblers, mugs, and totes for staff kits, client gifts, and retail. Decorated to survive daily use.

Everyday Giveaways

Pens, stickers, lanyards, keychains, and magnets. Low cost per piece, high visibility, easy to hand out in volume.

Event & Gift Kits

Trade show and onboarding bundles assembled and packed as one order, so everything arrives together and on brand.

VINYL GRAPHICS

Precision-cut, weatherproof vinyl turns surfaces you already own into advertising. We measure, print, and install it.

Vehicle & Fleet Wraps

Full and partial wraps for cars, trucks, trailers, and equipment. Branding that works every kilometre it travels.

Windows & Walls

Storefront lettering, frosted privacy film, and full-wall graphics for showrooms, gyms, offices, and shops.

Decals, Banners & Floor Graphics

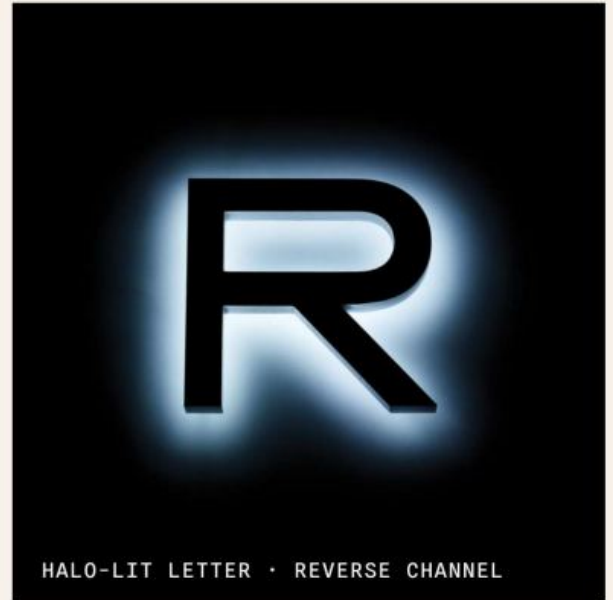

Die-cut stickers, vinyl banners, event backdrops, floor markings, and safety decals for indoor and outdoor use.

INTERIOR & EXTERIOR SIGNAGE

Fabricated signage does two jobs: it tells people who you are, and it tells them where to go. We build and install it in aluminum, acrylic, and PVC, inside and out.

FLAT CUT METAL LETTERING • SUITE SIGNAGE

HALO-LIT LETTER • REVERSE CHANNEL

Interior Signage

Dimensional letters and logos, lobby and reception feature walls, acrylic standoff panels, and engraved plaques.

Exterior Signage

Channel and dimensional letters, illuminated cabinets, aluminum panel and fascia signs, post-and-panel, and monument signage.

Wayfinding

Lobby directories, directional posts, door and suite numbering, washroom and accessibility signage. Consistent across an entire site.

WHAT WE DO

MORE THAN INK. IT'S CRAFT.

Quality prints. Solid service. No shortcuts. From one-off runs to full-scale production, we bring your ideas to life and make them last.

SIMPLE PROCESS. NO GUESSWORK.

01**Brief**

Tell us about your project. It takes five minutes, not fifty.

02**Match**

We surface the right products, specs, and price ranges for your scope.

03**Make**

Production begins once we've aligned on proofs. No surprises mid-run.

04**Deliver**

Most projects ship in 2–4 weeks. Rush runs available when timing is tight.

ONE POINT OF CONTACT, START TO FINISH.

No account-manager runaround. You talk to the people actually making your order, every step of the way.

BRIEF → DELIVER

BUILT FOR PEOPLE WHO CARE ABOUT THE DETAILS.

We work with bands, brands, businesses, and creators who care about quality as much as we do. Big or small, every job gets the same attention.

Quality First

No shortcuts, on the press or off it.

Straight Talk

Clear specs, honest timelines, real proofs.

On Time

We hit the dates we promise.

TELL US ABOUT YOUR PROJECT.

No pressure. Just a conversation about what you're making, whether an event, a launch, or a merch run. We'll help you scope the right products, specs, and budget.
